PROFILE

I am a passionate and motivated software developer with a strong foundation in full-stack development. Skilled in HTML, CSS, JavaScript, React, PHP, C++ and database management with MySQL and MongoDB. As a fresher, I am eager to apply my academic knowledge and hands-on experience from various projects to real-world challenges. I have a keen interest in building user-friendly, efficient, and scalable web applications. Currently pursuing a B.Tech in Computer Science and Business Systems, I am open to learning new technologies and tools to grow as a developer.

VOLUNTERY EXPERIENCE

- Ncc cadet in my college, demonstrating discipline, leadership, and teamwork through various national service activities.
- Planted 300+ trees in a successful environmental initiative.
- Led street cleaning drives to promote cleanliness and public hygiene.
- Engaged in social awareness campaigns, fostering community education on critical issues.
